

Studio Price List 2011:

Art based Coffee Table Books:

These beautiful art based books are designed to tell the story of your day with all the details. Using your photographs as a starting point your book is designed in house and personalised with wording from readings or lyrics from chosen songs. Pages are designed in house and then professionally bound. These books have the advantage of including a wider selection of images giving an all inclusive coverage of your day. Choose from either a simple, clean lined design or something more intricate. Parent books, mini books and package deals are also available. Prices start at £600 for a main book.

Albums:

We are extremely proud to offer these stunning albums by Jorgensen... one of the world leaders in wedding albums. Designed around a smaller, more exclusive collection of images and simpler in design to the coffee table books these make a perfect family heirloom. Photographic prints are mounted within a textured white or charcoal mat giving a rigid feel to the pages and a solid feel to the book as a whole. The range starts with a beautifully simple contemporary black or white album available in two sizes 9 x 9 or 12 x 12 inches. Starting price £300.

After something totally bespoke? We can build an album to your specification giving you the option of a wide range of different sizes and formats. You can have anything from large albums to small albums, panoramic, square, portrait or landscape formats. Jorgensen offer a huge range of cover options too so you can have something built around your preference... leather, metal laminate, vinyl, wood or photographic images (swatches available to view in the studio). Priced individually.

Frames:

After one simply beautiful piece of artwork for your wall? In partnership with local professional picture framers we are able to create stunning, unique pieces of artwork.

A selection of framing options are available to view demonstrating mouldings which we feel suit the style of imagery at Perspectives Photography. Samples are provided to show you different ways of presenting your images from mouldings and mount options to different glass and print finishes. Prices start at £150.

Mounted Images:

Already have a frame in mind? Why not opt for a mounted print ready for framing. Prices start at £150.

Next Steps...

Come and see us! Have a look at the products yourself... see what's on offer and make your own mind up. As always – no hard sell at this end... just a chance to see the products in the flesh over a nice cuppa!
