Mini Sessions

WHY BOOK A MINI SESSION?

As parents we spend so much time recording our children's journey that we often forget to include ourselves in it. These sessions are short and sweet and designed to not only produce stunning individual portraits of the children but also to record your connection with your children. Above all an opportunity to create some beautiful artwork for your children to treasure in years to come. Something a million miles away from a cheesy grin selfie!

HOW IT WORKS:

There will be a number of 30 minute sessions running throughout the day at Rockbeare Manor on 10th April. All sessions will need to be pre booked so please contact me to check availability (details on the back cover).

The mini sessions are designed for small families because of the limited time available on the day. You may choose to dedicate your session to mummy and me or father and son/daughter or you may wish to incorporate the whole family. If you have a larger family you may prefer to book a full portrait session which you can find out about on the website.

SESSION FEE:

£100 for a 30min shoot at Rockbeare Manor

Includes shoot time, all the post production an online gallery and one 10x8" print.

Creating your family heirloom

I am a firm believer in giving something physical to my clients. Creating physical family heirlooms means creating lasting memories that can be shared in future years. I picture people sitting around a table passing prints, books and albums and talking about people and generations before them. No need to decide now, spend a few minutes on the day browsing through the products and deciding what suits you best.

Please note: I fully appreciate that in a digital world it is nice to be able to share files with those who do not live close to us. For this reason I include a low res file of any images you purchase as a print or in a product. You can use these for sharing over the email or via social media if you so wish.

Frequently asked Questions

WHAT SHOULD WE WEAR?

My lifestyle sessions are very relaxed and informal so I suggest wearing clothes that reflect this. As we will be shooting outside please wear warm, comfortable clothing and shoes as you may get a bit of work out! Very formal clothes might be restrictive and may get dirty! I also recommend avoiding lots of pattern or large logos as this can distract from the people in the image.

WHO WILL BE PHOTOGRAPHING MY SESSION?

All the shoots will be photographed by me, Jess, owner of Perspectives Photography. As a Mum I am always thinking about what I would like in my own family photographs and try to gift this to my clients. This is often a feeling of connection, of intimacy and above all love. You can find out more about me and my style of photography on the website at www.perspectivesphotography.co.uk

HOW DO I CHOOSE MY IMAGES?

Within 2 weeks of your session your images will be beautifully crafted into works of art. You will receive a password so you can access your own personal online gallery and view your images. From this gallery you will be able to order your finished pieces and bring your images to life.

WHAT HAPPENS IF THE WEATHER IS BAD?

Please assume that the sessions will go ahead regardless of the weather. There are opportunities to shoot under cover if it is wet. Should we experience extreme weather then I will make a decision on the day if it is difficult to access the venue. Should this occur the sessions will be rescheduled based on the availability of the venue.

TIMINGS:

Please arrive at least 10 minutes before your session is due to start to make sure we get the most out of your session time. There will be a dedicated waiting area set up which will be signposted on the day. If you arrive late for your session please be aware that if there is another session immediately after you I may not be able to give you the full 30 minutes. No refund can be made for a missed session.
