FINE ART PORTRAITURE FOR WOMEN

## Hello!

---

I'm Jess. I'm a wife, mother of 2 and a business owner. I am, like lots of women extremely camera shy. I have spent much time documenting the lives of those around me but rarely include myself in photographs. I felt too vain to ask someone to take the camera from me. Ridiculous I know. Then one day someone said to me 'what will your children have to remember you by if you are never in the pictures?' That made me stop and think. I want my children and those that I love to have some images of me, both as a mother and as a woman in my own right. The more women I spoke to the more I realised that this was a common problem. There began my crusade to get more women in front of the camera.

You as a woman should have photographs that are beautiful, artistic, feminine and above all unique to you. A shoot built around you and who you really are. A million miles away from a mobile phone selfie. The photographs that come from your session will be precious and beautiful like the old photographic prints of my grandmother's generation. These are priceless to me. I want to create beautiful family heirlooms for you too.

Photography is a way of feeling, of touching,  
of loving. What you have captured on film is  
captured forever... it remembers little things  
long after you have forgotten everything.

## The Experience

---

All our shoots are designed specifically for you. Our pre shoot consultation will determine exactly how you'd like to be photographed in terms of style, location, hair, make up and outfits. Nothing in your shoot will be standard. It is all about you. Feel free to organise your own hair and make up or ask us about availability of our professional hair and make up team to feel truly pampered. Your confidence will soar as we guide you through your shoot covering a number of different looks that we have discussed and styled in your pre shoot consultation. Whether you are into the sixties look, after a bridal portrait, or you're into yoga, ballet, kickboxing or have a beautiful evening dress or fancy a classic semi nude, we will weave your ideas into the shoot to make it truly unique to you.

Make sure you organise a nice evening out on the tiles afterwards to make the most of looking absolutely fabulous!
